

# Rise Up

We can feel it  
There's something in our hearts  
A voice that is screaming  
Running towards something  
We've been through some things  
We can't discuss  
But yes we are stronger  
We're flowing like water

We're next to each other  
Without knowing who we are  
But there is a light  
That connects all our hearts  
And you can feel it  
If we pause just where we are  
There is me  
There is you  
And we are one

But in grief we're growing  
We heal our broken world and hearts  
It starts with us, it starts with us

We are the moment  
We are aligned  
So light up  
We rise up  
Rise up, from it all  
And together we can dream  
Dream about a better day  
Love is our only way  
So light up, light up from it all  
Light up from it all  
And together we rise up  
And together we light up

公正感団結・平等・自由・公正

何かがある  
心の中に声が 叫んでいる  
何かへ走っている  
僕たちが  
強くなって  
水のように生きる

そばにいる  
相手が知らないけど  
心をつないでいる  
感じるでしょう  
このまま間をおいたら  
僕はいる  
あなたもいる  
僕たちは

でも、悲しみから立ち直る  
世界の絶望を癒やそう

僕たちは  
僕たちは  
So light up  
We rise up  
Rise up from it all  
And together we can dream  
良い日を見る夢が  
実現する  
So light up  
So light up, light up from it all  
We rise up, So light up  
And together we rise up  
And together we light up

Plug into a new love  
Lookin at it in a reframe (reframe)  
Reimagine and rearrange  
Now the clock is ticking and  
it's time to take our turn (turn turn turn)  
We better wise up  
Dial that love up to the top

It's a love revolution  
Bring us a higher love  
The light to freedom  
The freedom of love  
As long as we're together  
We're forever ever ever  
Say join our hearts as one

But in grief we're growing  
We heal our broken world and hearts  
It starts with us

We are the moment  
So light up  
We are aligned  
Light up from it all, light up from it all  
Together we can dream  
Dream about a better day  
Love is our only way  
In harmony  
Love is our only way  
So light up  
So light up from it all and  
We rise up  
Together we are stronger  
Live in fear no longer  
(See us light up, how we rise up)  
It's not what we fight over  
It's what we're fighting for  
It's love

新しい愛の形へ Reframe  
繋げよう もう一度  
どうせ時間が過ぎてくなら  
We better wise up  
愛に心向けて

光が差す方へ  
君と輝けるから  
大きな流れの中  
君のそばに居る  
ずっとずっと永遠に  
心重ねて

悲しみ壊れた世界を抱きしめて  
私達は進んでく

僕たちは今  
君と共に  
So light up  
So light up, light up from it all and  
We rise up

愛を信じて  
夢見た明日へ  
一緒に行こう この道  
So light up  
So light up, light up from it all and  
We rise up  
Rise up from it all yes  
Light up from it all

(So light up, we rise up)  
強くなれるよ  
もう恐れなくて  
立ち上がるため  
大切なものは  
It's love
